

UPS

SPECIALIST TILING DIVISION

THE COMPLETE REPAIR & REFURBISHMENT SERVICE FOR YOUR POOL

NATIONAL COVERAGE

Tiling | Walls | Floors | Swimming Pools | Exterior Cladding
Pool and associated wet areas | Diamond Core Drilling
Structural Repairs - Design and Specification | Plant Engineering
Poolside Equipment

UPS undertake swimming pool construction and extension, including the reduction in depth of swimming pools to achieve energy and cost savings.

Extensive Refurbishment and Ceramic Tiling Services

Comprehensive

The UPS professional ceramic tiling service offers an extensive range of glazed and unglazed tiles to suit any situation, including all wet areas – swimming pool shower areas, changing rooms and deck levels. All work is carried out by our dedicated team of professional tradesmen and is guaranteed.

Cost Effective

UPS is highly competitive and works to exacting standards. Quotations take into account the specialised needs of the operation and with full appreciation that 'close down' means lost income and customers forced to use competitors' facilities.

Exacting Standards

UPS working methods reflects a totally professional approach to work practice and quality assurance.

Our workmanship adheres to practice as laid down in BS 8000 (1989). Our ceramic and mosaic tiling service conforms to all aspects of BS 5385 (parts 1-4).

A Portfolio of Professional Ceramic Tiling and Services

Shenstone Special School

Complete retiling of hydrotherapy pool, including design and application of pictorial scheme devised by pupils and staff.

Atlanta Pool

Installation of adjustable, floating floor for main Olympic Games. Completed as part of a Pan-European team.

Inverclyde Council

Complete structural survey including the removal of core samples for chemical testing.

Crow Wood Leisure, Racquets and Equestrian Centre

Preparatory work was done at night and tiling undertaken throughout the day, without disruption to the use of the pool.

1 Professional Ceramic Tiling Service

A wide range of tiling services for both repair/refurbishment projects and new installations. Quality tiling, mosaic and grouting for swimming pools, walls, floors and changing rooms.

2 High Performance Pool Equipment

Supply and fitting of: Plastic products, which are ultra-safe and chemical resistant. They include channel grating, bench seating, inlet and outlet diffusers and circulation grill. Stainless steel products include handrails, steps, rope lane anchors and other groudfast fixings.

3 Professional Engineering Services

For all plant room equipment, filtration and chemical systems.

4 Professional Regrouting Service

Using cement and epoxy grouts.

5 Floors and Bulkheads

Installation, repair and maintenance. Adjustable floors provide a variable depth facility to maximise pool usage. Bulkheads enable pools to be divided for dual usage by pool users with different needs.

6 Specialist Cleaning

Using high pressure cleaning equipment incorporating an extensive range of cleaning products which conforms with COHSE regulated materials.

7 Provide and Install Anti-Slip Surfaces

Anti-slip tiles to suit all wet areas including changing rooms, and pool deck levels. Available in a wide range of colours, styles and sizes.

8 Tiling Design Service

CAD drawings help you plan the best use of tile colour, size and pattern for your pool.

9 Diamond Core Drilling

Large and small diameter precision drilling for fixing starting blocks, pool entry steps and lane rope fixings etc.

10 Expansion Joint Replacement

Utilising products specially formulated for swimming pool use.

11 Changing Areas

Supply and installing for changing cubicles and bench seating in high performance chemical resistant plastic.

We can also offer a total solution, combining the craftsmanship and technical skills of UPS with one of the UK's leading architects in the field of swimming pool design and construction.

Removal of Defective Screeding

Epoxy Grouting

Insurance

The company carries all related insurance for working with local Authorities and the private sector, with public and employer's liability in excess of 10 million pounds.

Swimming pool plant refurbishment

Materials Science Investigation

Refurbishment

Remodelling

Condition surveys including structural repairs

Creating safer environments

What Clients had to say about UPS:

"The input from UPS throughout, proved the key to the overall success of this project."

Damian O'Hanlon,
Estates Officer,
Booth Hall Children's Hospital,
Manchester

"We are really delighted and we love it! It's very popular with customers and senior management alike, The UPS team were great and kept us all cheerful. They are very hard working and dedicated."

Dawn Spencer,
Manager,
Dudley Leisure Centre

"I am very pleased with the quality of work and the co-operation of the UPS team on site."

David Johnstone,
School's Consultant,
Leighton Park School

"They were very professional and fulfilled all request courteously. If I had other pools in need of repair, I would definitely use them again."

David Martin,
Schools Site Manager,
Trentham High School,
Stoke-on-Trent

"We find UPS particularly useful because they offer a full service, high quality and an ability to work long hours, anywhere in the UK."

Malcolm Graham,
GLR Architects,
Merton Hotel Leisure Pool Jersey

"We are pleased with the results that UPS has produced and are sure that the children will really enjoy their attractively refurbished pool."

Peter Coombs,
Consultancy Project Manager,
Shenstone Special School,
Crayford, Gtr. London

"I'm very pleased with the work... public reaction has been tremendous with attendance figures up and I must say that the skill and quality of the work of the UPS staff involved was superb."

Peter Conboy, Manager,
Nottingley Sports Centre, Wakefield

"It was a big job and it was done on time. I would definitely use UPS again - in fact, I think that UPS are the only company capable of undertaking such a project."

Susan Murdoch,
Operations Manager,
Salt Ayre Sports Centre

UPS The single source problem solvers

A unique, single source for all specialist swimming pool services from initial survey to complete re-tiling. Exceptional corporate culture enables work to be undertaken for extended periods, and in out-of-the-way places.
